Cookies policy

What are cookies?

Cookies are small text files containing a string of characters that are placed on your com tablet or mobile device that uniquely identify your browser or device. They are used to cc store and track information for statistical purposes, to improve the products and services provided, as well as to improve your browsing experience. Cookies allow a site or service know if your computer or device has visited that site or service before. Cookies can then to help understand how the site or service is being used, help you navigate between pag efficiently, help remember your preferences, and generally improve your browsing experi

What type of cookies do we use?

These can be classified according to:

The organisation which manages them
First Party cookies: These are our own cookies which are sent to the user's device from server or domains, from which we provide the service you request.

Third Party cookies: Third-party cookies may be placed on your device by someone pro service for us; for example, those used by social media or external sources such as Goog

The length of time a cookie remains active
Session cookies: These are temporary cookies which only remain on your device until y browsing and are not stored on your hard disc. These cookies provide information which

used to monitor your device's tracking activity on our site. Ultimately, this allows us to pr
better experience, to improve the content, and make the site easier to use.

Persistent cookies: Are those which stay on your computer or mobile device until they
or are deleted. Our site reads these cookies when you visit us again. We may use this
information to facilitate purchasing and registration services.

Their purpose

Technical cookies: These cookies serve navigation purposes, to facilitate access and us
website. For example, they are essential for monitoring traffic and data communication, t
access restricted areas, to process purchase orders, to utilise security features, and to st
content in order to deliver videos or share content on social networks.

Personalisation cookies: These cookies allow you to access our services according to a
of predefined criteria, such as language, the navigator you use to access our services, th
regional configuration wherefrom the service is accessed, etc.

Analytics cookies: These monitor the number of visitors we receive and how users navi
website. This data allows us to see which types of content users enjoy most, so that we c
improve our services.

Publicity cookies: These cookies permit management of advertising space that may be
on our website, in the most effective way possible.

Behavioural publicity cookies: These cookies store information of the user's behaviou
through continued observation. This way we can understand your browsing habits and di
adverts you may be interested in.

What purposes are cookies used for on this site?

Cookies are an essential part of how our website works. We use them to improve your br
experience. For example, cookies help us identify you (if you are registered on our websi
remember your preferences (language, country, etc.) during navigation and in future visi
manage the shopping cart, to enable you to make on-line purchases, etc.

The information contained in cookies also allow us to improve the site, using estimates o
and browsing patterns, adapting the website to the users' individual interests, speeding u

searches, etc.

What are Cookies NOT used for on this site?

The information collected by our cookies does not personally identify you; they do not st personal information, such as your address, your password, credit card details, etc. We d use cookies to target advertising to our users based on their browsing habits, for own or party advertising.

Who uses the information saved in cookies?

The information stored in cookies from our website is used exclusively by us, except for t Google Analytics, which are used and managed by Google and by us for statistical purpos third-party cookies as Flickr, Vimeo and TuTiempo.

Can cookies be deactivated?

Yes, cookies can be deactivated. However, blocking cookies might prevent you from acce certain areas of our site or from taking advantage of some of our services, and navigatio be less efficient.

If you would like to restrict, block or deactivate our website's cookies, click on the link be corresponds to your browser:
