

Privacy Policy

Manager of personal data: Slovenska tiskovna agencija d.o.o. Ljubljana, Tivolska 48, Ljubljana

The STA processes personal data in accordance with the provisions of the Personal Data Protection, as amended.

We use cookies for the purposes of saving user settings and analysing page visits. Cookies are stored on users' computers indefinitely and do not contain any personal information.

Page visits are analysed with Google Analytics, which uses tracking cookies. The STA Privacy Policy is in accordance with the Google Analytics Terms of Service.

STA web pages participate in the Online Audience Measurement project (MOSS), which uses cookies to track page visits. Information about their cookie policy is available on their web page.

Our websites use cookies for saving user settings, analysing page visits and other functionalities.

Data processed by the STA:

1. **Subscribers**

Only basic data about subscribers is stored on the web served: name of company, address, username and password. The subscriber passwords are assigned by the STA. Forgotten passwords are sent to subscribers on demand, but only to email addresses associated with the company domain. Subscribers are advised not to use their assigned STA passwords for other web pages or services.

The STA stores data on page visits for the purposes of analytics.

2. **Users of tokens**

Registration is required for purchases of news or photos with tokens. Users must provide an email address and choose a username and password. The password is stored on the server as an encrypted hash value.

By registering, users accept the [Terms of Service](#) (for the news wire and photos) and

agree to occasionally receive email updates or offers. Users may at any time revoke the permission to receive email by clicking the news or photos in [My Account](#).

Tokens can be purchased through the third-party payment processors VALÚ Moneta or 2CheckOut. The users are redirected to the web pages of the payment processors. During the visit to their web pages, users are subject to their respective privacy policies and terms of service.

The STA does not receive any personal data from VALÚ Moneta. Data on the telephone number used to purchase the tokens is available to the STA on the VALÚ Moneta web page but it is disclosed only in the event of returns.

The STA receives the following data from 2CheckOut: first and last name of payer, address, city, country. The STA does not have access to credit card details.

The STA stores data on token payments and use, including the time and IP address of the transaction.

3. Subscribers to O-STA original message service

Organisations that subscribe to receive O-STA original messages submit a completed order or sign a contract that includes all invoicing information: name of company, address, VAT ID, contact person and e-mail address. The password is stored on the server as an encrypted hash value.

4. Recipients of O-STA messages

Requests for free receipt of O-STA messages must include the name and e-mail address, optionally the name and registered address of the company, activity and telephone number.

Users can unsubscribe at any time at the [O-STA web page](#).

5. E-bulletins STAkrog and STAmisli

Subscription to the e-bulletins STAkrog and STAmisli is free of charge. Users can unsubscribe at any time through the link provided at the bottom of the e-mail message.
